EVERYBODY is guessing just where the trouble in Turkey will break out next.

WILL Colonel T. Roosevelt end his spectacular African trip by shooting the chutes of Victoria Falls?

WE are glad to note that we don't hear so much now-a-days about Kentucky being "the worst governed State in the Union."

THE United States is Democratic enough when it has a President who eats peanuts at a baseball game and yells: "Kill de umpire!"

"If" THEODORE ROOSEVELT is elected Mayor of New York all the spotlight wouldn't fall on BILL TAFT, King EDWARD and Emperor BILL of Germany.

A TENNESSEE Minister declares that "Sunday gossiping is as bad as Sunday baseball." "Yes," adds a paragrapher, "and Sunday baseball may not be that bad."

INDUSTRIAL Canada says: "An increase of employment abroad at the cost of closed shops and hungry mouths at home doesn't look good to us."

Six track records were broken at Churchill Downs Saturday, as were some thousands of the followers of the noble sport.—Louisville Times.

NOT to be outdone by her illustrious pa in Africa, Mrs. ALICE ROOSEVELT LONGWORTH has taken out automobile license in Ohio and will kill a few herself.

WE want playgrounds for the children to conserve the morals of the people. The best way to train a boy to do right is not to lecture him into tears about his wrong doing, but to show him the delight of an honorable and happy boyhood.—Governor Charles E. Hughes of New York.

SPEAKING on the subject of Kentucky's unjust tax laws, Mr. A. Y. FORD of Louisville said in a recent address:

"The Kentucky merchant has either to lie to the tax inquisitor or go out of business. This is a shameful condition of things. It is a known fact that the combined capital of the banks of Kentucky will not equal the capital of some institutions in New York and Chicago. And why is this? It is because the tax laws are unfavorable for the accumulation of money. I know of hundreds of merchants who would rather bank their money in New York or in Pennsylvania than in Kentucky for this reason."

KEPT HIM BUSY.

Washington Star. "Did you do much sightseeing when you went abroad?"

"No," answered Mr. Cumrox. "Mother and the girls did the sightseeing. I had to put in my time finding the places where they cash letters credit."

DEMOCRATIC PRIMARY

Now On a Hummer—Money Galore and Booze a-Plenty

There is no denying the fact that there were several drunken men in town last night, and in certain sections of the city pandemonium reigned supreme.

It was the night before the battle, mother, and every sonofagun of a hnm was on the skirmish line ready to do his manly part in stowing away beneath his belt all the whiskey and beer his stomach would hold.

It was a Bacchanalian feast, and, lo, the many who participated in the festivities of the evening!

At 6 o'clock this morning the Democratic family row was renewed and will be fought to a finish until the close of the polls at 4 o'clock this afternoon.

Money and booze are plenty and the hnm and the man who sells are having the time of their life. The prices ranged in the beginning of the contest at from \$2 to \$5, but the market is bound to rise before the close and will likely go as high as \$10 a head.

MAYSVILLE

The Supply Depot for Pure Goods —Big Sale of Kentucky Whisky

Wednesday the H. E. Pogue Distilling Company of this city shipped in one order to parties in Kansas City 50,000 quart bottles of their best brand of whisky, and on yesterday the same firm shipped 100 barrels of high class goods to merchants in Denver, Col.

Add to the above the daily sales of the James H. Rogers Distillery Co., and that of Poyntz Bros., and the output must be enormous.

It is a conservative estimate to state that the warehouses of the three distilleries contain at the present time not less 30,000 barrels of the best whisky made in the country.

The Maysville product is in demand and is shipped all over the United States, as well as in foreign countries. While the Prohibition movement has wiped out the saloon in many States, it has at the same time increased the sales of wholesalers and distillers at other points who ship their goods into arid territory.

Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. KILLS SELF

Sixteen-Year-Old Girl Dresses in White and Commits Suicide

Miss Berta Lee Hanks, aged 16 years, ended her life at the home of her parents near Cersago, Ky., by firing a bullet into her heart. She was a sufferer from melancholia.

Miss Hanks evidently went about the taking of her life in a deliberate manner, as she was dressed in white from head to foot.

She fired twice, the first shot failing to take effect. The fatal bullet entered below the heart, passing out under the right arm. Death was instantaneous.

Pinkham's Vegetable Compound at once.

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and such unquestionable testimony as the above proves the value of this famous remedy, and should give confidence and hope to every sick woman.

AN EXPENSE BILL

Should Be Presented to Each Child, Showing Cost of Education

The Rev. D. D. Vaughan, who has been delivering a series of talks on "The Ideal Family," in Chicago, believes an itemized account for the cost of rearing a boy should be preserved and presented to him. He said:

"Parents should always let a boy know that it has cost a great deal of money to rear him. It is estimated that a child costs its parents from \$3,000 to \$5,000. When a boy reaches the age of twenty-one years his father should present him with a bill for the amount he has cost him to raise. Whether the boy ever pays the bill or not, makes no difference. He is taught a lesson that he probably will never forget." The Minister also said it was not a good idea for parents to open their children's mail.

MARKED HONORS

Promising Flemingsburg Man Named Instructor to Prussia

John Palmer Darnall of Flemingsburg, Assistant Professor in the Preparatory Department of Central University, Danville, has received a high honor and recognition of his scholarly ability in his being appointed one of the American Exchange Professors of Conversational English in one of the gymnasiums of Prussia. The appointment was made by the Carnegie Foundation, but the place where Mr. Darnall will be located is not known, though in all probability in one of the University towns.

The Prussian Gymnasium is equal in standard to the American Colleges. This plan of exchanging Professors was suggested last year by the German Government in order that the students of one country might become more familiar with the language and customs of the other. This policy was first undertaken last year by the Carnegie Foundation and all the appointees were selected from Northern Universities.

Mr. Darnall is one of the seven men who will be selected for the position next year and is the first and only representative from the South. He will pursue studies to prepare himself for a Professorship of Modern Language while in Prussia.

Mr. Darnall was graduated from Central University in 1907, specializing in English, and he received his M. A. Degree this June from the same institution.

The marriage of Miss Joe Boswell, daughter of Mrs. William H. Boswell of Winchester, to Mr. George Phillips of Columbia, Georgia, took place Tuesday evening at the home of the bride. Miss Boswell was a resident of Maysville several years ago, when her father, the late Colonel William H. Boswell, was proprietor of the St. Charles Hotel.

William Kreanner of Ripley has received notice from the United States Patent Office that letters patent had been allowed on a mail catcher and deliverer, invented by him. He has a perfect working model of it, which is very simple in construction and mechanism, although a thorough search of the records in the Patent Office failed to disclose any one near like it.

A SIMPLE QUESTION.

Maysville People Are Requested to Honestly Answer This.

Is not the word of a representative citizen of Maysville more convincing than the doubtful utterances of people living everywhere else in the Union? Read this:

Mrs. Della Means, 325 East Front street, Maysville, Ky., says:

"About seven years ago kidney trouble made its appearance in my case, the first symptom being a sharp pain through my kidneys, accompanied by a bearing-down feeling across my hips and loins. Dull, miserable headaches soon began to bother me, and I often became so dizzy that if I did not catch hold of something I would have fallen. I continued to grow worse, until I was often confined to my bed for a week at a time. No remedy I used helped me, and I was in a bad way. Dropsical swellings appeared, and there was an almost complete retention of the kidney secretions. My body also bloated, and it would be impossible to describe the misery I endured. I had about despaired of ever being cured, when I read of a person who had been freed of a similar trouble by Doan's Kidney Pills. Deciding to try them, I procured a supply at J. J. Wood & Son's Drugstore, and I obtained so much relief from the first box that I continued taking the remedy until entirely cured. I have no hesitation in saying that Doan's Kidney Pills saved my life."
